5.2. Special hazards	s arising from the substance or mixture
Reactivity	The product is non-reactive under normal conditions of use, storage and transport.
5.3. Advice for firef	ïghters
Protection during firefightin	Complete protective clothing.
	ntal release measures
	utions, protective equipment and emergency procedures
6.1.1. For non-emerge	
Emergency procedures	Ventilate spillage area.
6.1.2. For emergency	
Protective equipment	Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".
6.2. Environmental	
Avoid release to the environ	nment.
6.3. Methods and m	naterial for containment and cleaning up
Methods for cleaning up	Take up liquid spill into absorbent material.
Other information	Dispose of materials or solid residues at an authorized site.
6.4. Reference to ot	her sections
For further information refe	er to section 13.
SECTION 7 Handlir	ng and storage
7.1. Precautions for	safe handling
Precautions for safe handlir	Ensure good ventilation of the work station. Wear personal protective equipment.
Hygiene measures	Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2 Conditions f	
Unations for	sale storage, including any incompatibilities
7.2. Conditions for a Storage conditions	safe storage, including any incompatibilities Store in a well-ventilated place. Keep cool.
Storage conditions	Store in a well-ventilated place. Keep cool.
	Store in a well-ventilated place. Keep cool. e(s)
Storage conditions 7.3. Specific end use No additional information a	Store in a well-ventilated place. Keep cool. e(s) available
Storage conditions 7.3. Specific end use No additional information a SECTION 8 Exposu	Store in a well-ventilated place. Keep cool. e(s) available re controls/personal protection
Storage conditions 7.3. Specific end use No additional information a SECTION 8 Exposu 8.1. Control parameter	Store in a well-ventilated place. Keep cool. e(s) available re controls/personal protection eters

HDL Assay Reagents, Calibrator Safety Data Sheet 1033 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

according to Federal Register / Vol. 77, No. 58 / Monday, M	March 26, 2012 / Rules and Regulations	
Melting point	Not applicable	
Freezing point	No data available	
Boiling point	No data available	
Flash point	No data available	
Relative evaporation rate (butyl acetate=1)	No data available	
Flammability (solid, gas)	No data available	
Explosion limits	No data available	
Explosive properties	No data available	
Oxidizing properties	No data available	
Vapor pressure	No data available	
Relative density	No data available	
Relative vapor density at 20 °C	No data available	
Solubility	No data available	
Log Pow	No data available	
Log Kow	No data available	
Auto-ignition temperature	No data available	
Decomposition temperature	No data available	
Viscosity	No data available	
Viscosity, kinematic	No data available	
Viscosity, dynamic	No data available	
9.2. Other information		
No additional information available		
SECTION 10 Stability and reactivity		
10.1. Reactivity		
The product is non-reactive under normal condition	ons of use, storage and transport.	
10.2. Chemical stability		
Stable under normal conditions.		
10.3. Possibility of hazardous reactions		
No dangerous reactions known under normal cond	litions of use.	
10.4. Conditions to avoid		
None under recommended storage and handling conditions (see section 7).		
10.5. Incompatible materials		
No additional information available		
10.6. Hazardous decomposition products		
Under normal conditions of storage and use, hazardous decomposition products should not be produced.		
SECTION 11 Toxicological information		
11.1. Information on toxicological effects		
Acute toxicity	Not classified	

The test of test o	riot enaberriou
Skin corrosion/irritation	Not classified
Serious eye damage/irritation	Not classified
Respiratory or skin sensitization	Not classified
Germ cell mutagenicity	Not classified
Carcinogenicity	Not classified
Reproductive toxicity	Not classified
Specific target organ toxicity (single exposure)	Not classified
Specific target organ toxicity (repeated exposure)	Not classified
Aspiration hazard	Not classified

HDL Assay Reagents, Calibrator Safety Data Sheet 1033 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 12 Ecological information		
12.1. Toxicity		
Ecology - general	The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.	
12.2. Persistence and degradability No additional information available		
12.3. Bioaccumulative potential		
No additional information available		
12.4. Mobility in soil No additional information available		
12.5. Other adverse effects		
No additional information available		
SECTION 13 Disposal considerations		
13.1. Waste treatment methods		
Waste treatment methods	Dispose of contents/container in accordance with licensed collector's sorting instructions.	
SECTION 14 Transport information		
Department of Transportation (DOT)		
In accordance with DOT		
Not regulated for transport		
Additional information		
Other information	No supplementary information available.	
ADR		
No additional information available		
Transport by sea		
No additional information available		
Air transport		
No additional information available		
SECTION 15 Regulatory information		
15.1. US Federal regulations		
No additional information available		
15.2. International regulations		
CANADA No additional information available		
EU-Regulations No additional information available		
Classification according to Regulation (EC) No. 1272/2008 [CLP] Not classified		
Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD] No additional information available		
National regulations No additional information available		
15.3. US State regulations No additional information available		
SECTION 16 Other information SDS US Diazyme
